

## **School of Oceanographic Studies**

### **Syllabus:**

1. Basic Oceanography (Consult Sagar-Pocketbook on Oceans; freely available on the Internet)
2. Basic Research Methodology aptitude

### **Modalities:**

1. The question paper will have a total of 50 questions (25 questions from basic oceanography and 25 questions from basic research aptitude). Each question will have two marks. All the questions will be of objective nature with three to four options.
2. No negative marking. All questions need to be attempted. No extra optional questions.
3. The question paper (in MS Word) will be mailed to the respective candidates' mail ID from the Director, Oceanography's official mail ID. They have to answer in the word file and convert it to pdf and send back within one hour to the same mail ID.
4. Once the results of written test are published, the committee will evaluate all the passed candidates and the ones who have directly secured their place for facing the interview through an online interview session. Each candidate would be allowed to prepare only 5 slides and would be given a time of 7 minutes to present them.
