

CIRCULAR

This is to notify that the University has already renewed the Microsoft Campus Wide Annual License Agreement, valid till 30.11.2017, whereby all authorized users of the University (including Salt Lake Campus) are entitled to free-use of the following Microsoft products, within campus, which can directly be availed from the Microsoft site through internet. All concerned are requested not to use any pirated version of Microsoft products.

List of available products under the stated agreement are as follows:

Description
1. Operating System Upgrade (upto Win 10/Current)
2. Visual Studio.Net (latest version)
3. Microsoft Office Suite 2016 (incl. upgrade of current Office)
4. Microsoft Client Access License for Windows 2012 / 2016 Server
5. Microsoft Imaging Academy Subscription for the campus
6. Microsoft MS Project Standard 2013
7. Microsoft Windows Server 2016

*Any other products to be launched.

NB:

1. Applications of (n-1) version will be supported with same license as nth version and (n-2) version from Operating System and server products.
2. MS Forefront Endpoint protection is no more a separate product; it is included in the Windows Operating System itself.

As such all the Teachers (Including Project Investigators), Officers and staff concerned are requested to avail of the facility for using the licensed Microsoft products on the existing hardware and also plan for the new purchase proposals of PCs and Servers, by utilizing the facility. Should you require media and License Key for the Microsoft products, please contact:

Mr. Samit Pahari
Information Scientist, Jadavpur University [Extn: 2602]

In case of any technical issues, please contact:

Prof. Chandan Mazumdar / Dr. Anirban Sengupta
Centre for Distributed Computing
Jadavpur University [Extn.2403, 2952]
Ph.No.: 033-2414-6209, Fax: 033-2413-3599
Email Id: chandan.mazumdar@gmail.com

The essential basic MS Products of the current year may also be available in CD format for the HoD's / Directors of the Schools / Coordinators of Centres, on request from the Information Scientist. Current version of all the above products is available for use by all.

Further, all Teachers, Officers and Staff concerned are requested to verify the list of products, available with us under the plan, before planning for any new Microsoft products purchase, or during purchase of any computers or servers, to save funds of the University. All concerned are requested not to use any pirated version of Microsoft products.
