Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		"The ongoing COVID-19 pandemic has posed a serious challenge to modes of Teaching-Learning-Evaluation at all higher education institutes of the world. Jadavpur University has taken various measures in adaptive and transformative manner to ensure that students across all programmes received their education following the curriculum, and completed the evaluation process in time, during the 2020-21 session. Academic calendars for the session were finalized in the respective Faculty Councils taking into consideration the pandemic situation, and after due consultation with all stakeholders, to set the semester schedule and examination dates. All teachers continued imparting lessons in online mode using the G-Suite facilities licensed by the University. Online classes were conducted using Google Meet and the Google Classroom portal. Most teachers delivered lectures using audio-visual materials, including PowerPoint presentations, and also recorded their lectures for later use by students. This practice has helped the students immensely as they can go through the same lecture a number of times for better understanding, and take up "difficult" portions with teachers for clarification. All teachers remained very much accommodating and helped students in every possible way, e.g. in many cases they adjusted the class hours so that students could join in large numbers. Internal evaluations have been conducted using various modes, like class tests, quizzes, viva voce, etc., either online or through other electronic modes. Laboratories and workshops have also been conducted virtually for which videos of laboratory experiments were prepared by the teachers. The University allotted funds from the TEQIP programme and also from its own resources for preparing such laboratory and workshop videos in all the Faculties. Students and teachers also had access to the University's digital library facilities. The end-semester examinations have been conducted in the electronic mode under the coordinated supervision of Departments/Schools, Faculties and the office of the Controller of Examinations. In order to overcome the digital divide among students, a sizable section of whom come from remote areas and from economically weaker sections of society, the University took unique measures under the leadership of the Honourable Vice-Chancellor. Applications were sought from those students who did not have the required means for attending online classes and examinations. After reviewing the appeals, the University took steps to provide smartphones or gave monetary support for data cards, based on the needs of the students. In the process, a total of more than 1200 student beneficiaries got support to continue their education unhindered during the pandemic. The funds for such support, of approximately Rs 35 lakhs, were generated from several sources, including the University's own resources, contributions from faculty members, and donations from alumni/ae of the University, following an appeal from the Vice-Chancellor. The University also gave support to teachers for conducting online classes by distributing Graphic tablets from the TEQIP fund. These devices helped teachers in the smooth delivery of online lectures."	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0
