

**Ref. No. PVC/CB/PER/19/A/2021**

Date: June 22, 2021

**To whom it may concern:**

This is to certify that 'Course Completion Certificate' available in the students portal (which should be available with all 2021 batch pass-out UG students under Faculty of Engineering & Technology, FET) under Jadavpur University Management System (JUMS, the ERP system of Jadavpur University) may be admitted as 'Bonafide Certificate' containing all information which seems deemed fit to be furnished by a student who appeared in the final examination of the respective course, however waiting for final result to be published.

This is also to be mentioned here that Jadavpur University declares CGPA only in the final marksheet of UG Engg courses and does not publish any formula for converting CGPA to percentage marks. However, the University recommends to refer to the AICTE guidelines for 'percentage equivalent to grade point' (F.No.1-65/CD/NEC/98-99 dated 15.03.2000) as and when required.

The undersigned may be contacted for any clarification on this issue.
