AN APPEAL

We request all stakeholders of the University to maintain peace, harmony and good-will within the campus. We need this to ensure the sustenance of democratic space within the campus, and to guarantee the freedom of speech and expression. We appeal to all sections of the University community to take all necessary steps so that anyone can express his/her views freely and none is restrained to exercise this right within the campus.

This is required to maintain the rich democratic tradition of Jadavpur University, which has enabled the University to attain heights of academic excellence. In order to ensure our continuous quest for excellence, the University community needs to work unitedly in the interest of the University.
